

Wanting to Explore the Isle of Thanet? Then Read On

Walking along the Seafront, there may be time for a drink in one of the seafront cafes, or a traditional bag of fish and chips with loads of salt and vinegar, or a go in the Penny Arcades, whilst you contemplate what to do with your time.

There's a Folk Week festival, Dickens museum, spotting seals, catching a fish, playing a round of golf, exploring smugglers caves and secluded beachy coves, going to Belgium on the ferry, learning to jet ski or surf at one of the Isle's 15 beaches and bays. There's so much to do, so we have compiled a list of our 7 favourite things to do in Thanet.

- **One Big Mosaic Mystery**

Shell Grotto – Grotto Hill, Margate

A mysterious series of underground passageways covered with 2,000sqft of exquisite shell mosaic, it was first discovered in 1835 and nobody knows who created it.
